(AUTONOMOUS)
DEPARTMENT OF FRESHMAN ENGINEERING

CIRCULAR

Date: 1/8/2023

A two-day Faculty Development Programme on Mathematical Sciences & Engineering Applications is arranged in E-class Room : Room No. 255 at 9.30 am on 3rd & 4th August, 2023. All the faculty who would like to get benefitted are informed to attend.

- Name of the Speakers: 1. Dr. Ch. Srinivasa Rao
Professor, Department of Mathematics,
I.I.T. Madras.
2. Dr. T. Vamsinadh
Asst. Professor, Department of Mathematics,
N.I.T. Tiruchirapalli.

(Dr. M. Sri Lakshmi)
Head
Freshman Engineering Department
PVP Siddhartha Institute of Technology
Kanuru, VIJAYAWADA-520 007.

About the Institute and Vijayawada

Prasad V. Potluri Siddhartha Institute of Technology is one of the 18 Institutions sponsored by Siddhartha Academy of General and Technical Education. The institution is established in the year 1998 with a strong mission of quality technical education through continuous non-compromising interactive teaching. The institution offers seven Under Graduate programmes and four Post Graduate programmes. All eligible programmes are accredited by NBA.

P.V.P.S.I.T. is located in the historic city of Vijayawada formerly known as Bezawada located on the bank of river Krishna in the coastal area of Andhra Pradesh in the Southern region of India. The city is a large commercial centre and famous for Goddess Kanaka Durga Temple on the Indrakiladri Hills. Vijayawada is also a renowned education center in the state of Andhra Pradesh. The Railway Station, Bus Stand and Airport are at a distance of 10 KM each from college.

About the Department

The Freshman Engineering Department has 28 highly experienced faculty members who enable students to develop a strong base of fundamental knowledge with values to mould themselves into future technocrats of great worth. At present there are 8 faculty members in Mathematics, with 5 Ph.D. holders and one member pursuing Ph.D. The faculty members of Mathematics are involved in Research activities and have published/presented papers in National and International Journals as well as Conferences.

OBJECTIVES OF FDP

- To disseminate recent trends in Mathematics for improving application oriented Mathematics.
- To discuss strategies for effective involvement of Mathematicians in improving the standard of Engineering Mathematics.
- To expose participants to Mathematical tools related to engineering Mathematics.
- ❖ To offer interesting insights and diverse perspectives to all stake holders through expert's talk.
- To network with the Mathematicians and identify good practices in the field of Mathematics.

This FDP provides insight in the following areas of Mathematics

1. Linear systems of ordinary differential equations and some applications. Applications include Love affairs, marriage dynamics, and battle of Trafalgar.
2. Turing's diffusion driven instability and pattern formation. Applications include animal coat patterns, patterns of butterfly wings.
3. Applications of integration.
4. Applications of Banach contraction principle.

RESOURCE PERSONS

The faculty from reputed institutions will deliver the lectures in this FDP.

1. **Dr. Ch. Srinivasa Rao**
Professor, Department of Mathematics,
I.I.T. Madras.
2. **Dr. T. Vamsinadh**
Asst. Professor, Department of Mathematics,
N.I.T. Tiruchirappalli.

Venue: E-class Room : Room No. 255

ELIGIBILITY:

FDP is open to all Engineering & Mathematics faculty from AICTE approved Engineering colleges, faculty working in UG/ PG colleges, Research Scholars.

Registration fee: Rs.200/-

IMPORTANT DATES :

Event on 3rd & 4th August, 2023

Last date for Registration: 31-07-2023
